ZT-223 • 3ft HDMI Cable (2-Pack)

Product Description:

The Zenty High-Speed HDMI cable boasts a remarkable 18 Gbps bandwidth capacity, ensuring stunning 4K@60Hz video resolution. Crafted from 100% pure oxygen-free bare copper and fortified with triple shielding for optimal performance and minimal signal noise, our Zenty HDMI cable guarantees exceptional audio and visual excellence.

Key Features:

- Unlock the highest data transmission speeds with this HDMI cable, delivering a blazing 18Gbps – currently the industry's fastest data rate, ensuring seamless 4K compatibility.
- Constructed with 100% pure copper wiring, this cable effectively eliminates interference through a clever fusion of foil and braided shielding, resulting in minimal resistance. It offers broad compatibility with HDMI 2.0, 1.4, and 1.3 standards.
- Enable ARC functionality with this cable, making it compatible with any HDMI displays or AV receivers equipped with ARC ports, facilitating seamless audio return channel capabilities.
- Length of the cable is 3ft, and 2 cables are included in this pack.

In the Box:

2 x HDMI Cable

Specifications

GENERAL	
Cable type	Passive HDMI cable - High Speed HDMI Cable with Ethernet
Connectors	HDMI Type-A male to HDMI Type-A male, straight, gold-plated
HDMI version	HDMI 2.0
Length	3 ft (915 mm)
Pack quantity	2 cables

PERFORMANCE	
Audio / data channels	ARC, HDMI Ethernet Channel
Bandwidth	18 Gbps
Compatibility	HDMI 2.0, 1.4 and 1.3
Maximum resolution	4K@60Hz (3840 x 2160)

CONSTRUCTION	
Cable OD	6.0 mm
Conductor	30 AWG copper-clad steel (CCS)
Jacket	PVC, black
Plug molding	PVC overmold, black
Shielding	Aluminum-Mylar foil and aluminum-magnesium braid

TESTING & COMPLIANCE	
Compliance	RoHS, REACH
Factory testing	100% open / short / miswire test and 4K@60Hz test
